

PARKVIEW SOUTHWEST

260-425-4100

2024

At Parkview Southwest, we're ensuring our community has the services they need at a location that's convenient for them. The Parkview Southwest campus is comprised of four buildings including the Parkview Southwest Outpatient Center, Parkview Southwest Women's & Children's Health Center, Parkview Physicians Group clinic and Parkview Southwest Surgery Center.

Parkview Southwest Outpatient Center, 8202 Glencarin Blvd.

Size: 98,100 square feet

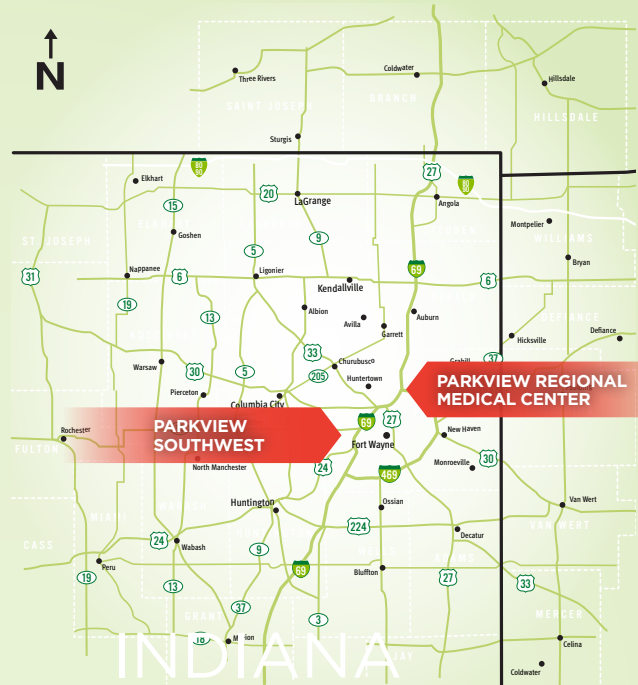

Date opened: Nov. 1, 2023

Concierge team at the main entrance to welcome and direct patients

Kiosks offer a fast and convenient option for registration

SERVICES

- First floor
 - Emergency Room (ER) and Urgent Care
 - › 11,000 square feet and 14 total treatment spaces: nine universal exam rooms, two trauma/resuscitation rooms, two isolation rooms and one triage room.
 - › Classified as a “freestanding” ER because it isn't attached to a hospital with inpatient beds.
 - › ER open 24/7, with Urgent Care available 7 a.m. to 9 p.m.
 - › First location in our region to offer this unique model.
 - › Depending on diagnosis or time of day, providers will determine if patients require emergency or urgent care – a convenient solution when you're not sure which level of care you need.
 - Additional services
 - › Imaging: MRI, diagnostic X-ray, CT, adult echocardiogram, mammography, ultrasound and DEXA scan.
 - › Full outpatient lab: three draw rooms and lab scientist on site.
 - › Pulmonary function testing and home sleep studies.
- Second floor
 - Multiple specialty care services will rotate through clinic spaces (note that some services will have a delayed opening at this location).
 - Specialties include cardiology, urology, podiatry, neurosciences, cancer, rheumatology, endocrinology, general surgery and colorectal surgery.
- Third floor
 - Opening in 2024, ONE will offer outpatient services, including OrthoNow (orthopedic walk-in clinic).

Parkview Southwest Surgery Center, 8004 Carnegie Blvd.

Size: 17,923 square feet

Six total operating rooms used for common outpatient procedures (endoscopy, pain and cardiac).

Parkview Southwest Women's & Children's Health Center, 8028 Carnegie Blvd.

Size: 28,240 square feet

Newly remodeled in 2024, center will include OB/GYN, midwifery, pelvic health, pediatric primary care and pediatric specialty clinics, plus imaging for women and children.

Parkview Physicians Group, 8233 Glencarin Blvd.

Size: 19,000 square feet

Offering family medicine and internal medicine; multiple providers accepting new patients.
